Subject: Effluent Guidelines Plan

On December 27, 2011, EPA published in the Federal Register a notice of the re-opening of the comment period on the 2010 final effluent guidelines plan and the 2011 review for the 2012 final effluent guidelines plan (a new effluent guidelines plan is required every 2 years). A link to the announcement of the re-opening of the comment period is provided below:

Final 2010 Effluent Guidelines Program Plan, 76 FR 80937-80938

<http://www.gpo.gov/fdsys/pkg/FR-2011-12-27/pdf/2011-33153.pdf>

EPA originally published its final 2010 Effluent Guidelines Program Plan and announced its 2011 Effluent Guidelines Reviews, as required under the Clean Water Act (CWA), on October 26, 2011. You should have previously received an email from me with information on that publication. Since that publication, the Agency has received several requests for additional time to submit comments. EPA is therefore reopening the comment period and will accept public comments on both actions for an additional 60 days. Comments are now due on or before February 27, 2012. Note that to be considered, comments must be submitted by one of the methods listed in the Federal Register notice and should not be submitted to me or the Region 3 office.

If you have any questions, please let me know.
